MEMORANDUM FOR: Chief of Operations, Deputy Director (Plans)

SUBJECT : Recommendation for Welcoming Senior West German  
Internal Security Officials

REFERENCE : CSI 60-3, 21 February 1957

1. This memorandum contains recommendations submitted for DEF/COF approval. The recommendations are contained in paragraphs 2 and 4.

2. It is recommended that you welcome German Federal Republic officials President Hubert SCHUMACHER of the Bundesrat fuer Verfassungs-  
schutz (BfV - Office for Protection of Constitution) and Ministerialrat  
Dr. Rudolf TONKA, responsible official for BfV affairs in the Interior  
Ministry, in the best interests of our activities in West Germany. They  
will be in the U.S. at our invitation from 7 May to approximately 21 May  
1957. If you concur with this recommendation, the time of 0930, 13 May  
1957 is suggested.

3. The primary objective for these visits is to improve our liaison  
with the BfV. There has been only one previous visitor to Washington from  
the BfV, the unfortunate Otto Jahn. Both of the BfV visitors, along with  
a considerable number of other BfV personnel, have been in London. The  
current trip has been slow in materializing, partly because the personnel  
situation in the BfV was far from clear. It now appears, though, that  
President SCHUMACHER is going to be around for some time to come.

4. It is suggested that the appropriate time element for your  
welcoming remarks is 25-30 minutes and that they could well be limited to  
generalities which reflect your extensive background in West Germany and  
Berlin. It would be appreciated if your remarks indicated our confidence  
in their professional efforts and emphasized that while the Jahn case  
resulted in a lot of unpleasant publicity it did not shake our faith in  
the general reliability of the German Civil Service and the BfV in  
particular.
